

Job Description

Community Gardener - Community Payback

Midlothian Community Hospital Gardens

Part time – 16 hours/week (worked every Saturday & Sunday and one Monday per month for 2 hours)

Fixed term until 31st March 2027

For over 50 years, Cyrenians has tackled the causes and consequences of homelessness.

We understand that there are many routes into homelessness, and that there is no 'one size fits all' approach to supporting people towards more positive and stable futures. That's why all our work is values-led and relationships-based. We meet people where they are and support them towards where they want to be.

Our mission: To tackle the causes and consequences of homelessness through learning from lived experience; by delivering targeted services which focus on prevention, early intervention and support into a home; and by influencing changes in legislation and policy.

Compassion | Respect | Integrity | Innovation

About the service

Cyrenians has worked with NHS Lothian to establish two hospital community gardens: The Royal Edinburgh Community Gardens in 2010, and the Midlothian Community Hospital Garden which was launched in 2012.

Cyrenians NHS Community Gardens are projects that offer hospital patients, staff and visitors, as well as people and groups from the local community, the chance to take part in a range of activities in the gardens and on hospital wards. The vision is to create a great inclusive place for communities to grow together, with a particular emphasis on promoting wellbeing, improving mental health and reducing social isolation.
