

Job Description

Key Worker Social Bite Village (full time)

For almost 50 years, Cyrenians (a Scottish Charitable Incorporated Organisation (SCIO), registered charity number SC011052) has served those on the edge; working with the homeless and vulnerable to transform their lives.

Our Vision is an inclusive society in which we all have the opportunities to live valued and fulfilled lives. We work to make that vision a reality through our Mission to support people excluded from family, home, work or community on their life journey.

We aim to offer consistently excellent service across all locations and in all our activities. Our way of working is built on our four core values:

Compassion: We believe that everyone should have the chance to change, no matter how long that might take.

Respect: We believe in tolerance, acceptance, valuing diversity and treating each other as equals.

Integrity: We are committed to the highest quality of work, grounded in honesty, generosity, sincerity and professionalism.

Innovation: We are willing to take risks, challenge convention and be very creative in our search for new ways of working, in particular by taking account of the environmental impact of our decisions.

1 General

The Social Bite Village is the vision of Josh Littlejohn, Founder and CEO of Social Bite. The village will provide a home for up to 20 people affected by homelessness. Cyrenians will journey with Social Bite to deliver community by providing housing support. Cyrenians pioneered community living almost 50 years ago and our model and values led ethos is still relevant today.

The purpose of the village is to offer a person-centred approach to residents encouraging them to find their way to a happier, healthier future and a place of belonging, security and hope.

Our unique approach to supported accommodation helps people to develop their skills through ongoing support and opportunities for personal development, with the key outcomes being;

- To significantly increase the ability of people to live more independently in the future including reducing and where possible, ending dependency on housing support and welfare

- To increase the contribution people want to and can make to wider society through volunteering and, if possible formal work experience, training and education
- To improve the ability of people to access community resources and networks such as libraries, GPs, social activities etc.

This is a new role and requires a highly motivated and dynamic individual who has experience of supporting individuals who have been directly affected by the tough realities of homelessness. You will be passionate about enabling potential and supporting individuals to identify key goals on a journey towards positive change and independent living.
